

**We deliver a happy life that brings smiles to everyone's faces**  
**Gyoza Made in France, Ajinomoto Foods Europe S.A.S.**

The Ajinomoto Group has been selling frozen gyoza in Europe since 2005, and the recent boom in Japanese food has led to further growth in demand. Previously, gyoza were produced in Poland and Thailand, but to meet this strong demand, Ajinomoto Foods Europe S.A.S., in France, started production of gyoza at its Le Neubourg factory in 2023 on a new gyoza production line incorporating Japanese technology. Europeans welcome the gyoza made in France, and we are steadily increasing sales. Today, we will introduce our employees, how gyoza are produced in the factory, and served and sold in restaurants and retail stores, along with the scenery of Paris.

The Ajinomoto Group's Frozen Foods Business enriches the world's food culture by being No. 1 in deliciousness, fun, and healthy and nutritious, and delivering excitement and smiles directly to our customers.
