**TOKYO, June 22, 2026** – Ajinomoto Co., Inc. (“Ajinomoto Co.”) has proposed to the Board of Directors of Ajinomoto (Malaysia) Berhad (“AMB”) that AMB, a listed company in the Malaysian stock exchange, implement a selective capital reduction and repayment exercise under Malaysian company law. The implementation of this proposal will result in AMB becoming a wholly owned subsidiary of Ajinomoto Co.

Since its establishment in 1961, AMB has been manufacturing and selling seasonings and food products, including umami and flavor seasonings, mainly in Malaysia. Since Muslims constitute over 60% of Malaysia's population, the company has established a halal-certified manufacturing system since 1965 and is also exporting to the halal market. In recent years, in addition to traditional seasonings, AMB has expanded its business into new product categories, such as halal-certified frozen gyoza.

The Ajinomoto Group's seasonings and foods business is achieving stable growth in its key markets<sup>2</sup> while also expanding steadily into neighboring countries. AMB in particular, which offers products rooted in local food cultures and tastes, such as the AJI-NO-MOTO® umami seasoning and the TUMIX® flavor seasoning, has grown to a scale comparable to that of the key markets by capturing demand in the expanding its business by meeting demands in the Malaysian market, and by working to increase exports to the Middle East. Converting AMB into a wholly owned subsidiary through this initiative will make it possible to further advance its business operations on the basis of swift and flexible management decision-making.
